Re: Request for Area Source Boiler MACT Compliance Date Extension  
Air Quality TVOP-11-00332  
Cambria CoGen Facility  
Cambria Township, Cambria County

Dear Mr. Malloy:

This letter is to notify you that the Pennsylvania Department of Environmental Protection (DEP) has reviewed your April 7, 2014 compliance extension request for the Cambria CoGen Facility related to the requirements under the Mercury and Air Toxics Standard (40 CFR Part 63 Subpart UUUUU), also known as MATS.

Cambria CoGen Company has requested a one year extension of compliance to April 16, 2016 in order to comply with MATS by increasing pulverized limestone injection into the circulating fluidized bed unit for SO<sub>2</sub> removal.

Cambria CoGen Company's extension request to comply with the MATS requirements until April 16, 2016 for the Cambria CoGen Facility is approved by DEP based upon the information identified in your April 16, 2014 letter. If Cambria CoGen Company is unable to meet the timeline identified in the April 16, 2014 letter, you should provide written notice to DEP as soon as possible but no later than five (5) business days after becoming aware of the delays. This notice must explain the delay and propose a revised compliance schedule in order to meet the April 16, 2016 MATS extension date. If Cambria CoGen Company wishes to request an extension of MATS compliance beyond April 16, 2016, that request must be sent to the administrator of the U.S. Environmental Protection Agency.

If you have questions regarding this matter, please do not hesitate to contact me at 412.442.4161.

Sincerely,

Mark A. Wayner, P.E.  
Regional Manager  
Air Quality Program
